Tattoo 01

HOW TO USE

1. Clean and dry the skin. Avoid oily or wet skin.
2. Cut around the tattoo design, leaving a small border.
3. Remove the clear protective film.
4. Place the tattoo face down on the skin.
5. Press a wet cloth or sponge firmly on the paper for 20–30 seconds.
6. Carefully peel away the paper. Let the tattoo dry naturally.
7. To remove: gently rub with baby oil, rubbing alcohol, or warm soapy water.

For external skin use only. Do not apply to broken, irritated, or sensitive skin.
